

Paul Gingrich

Executive Vice President

Professional Experience

CAREER SUMMARY

Since joining DAUM Commercial as an industrial real estate specialist I have focused my attention in the north Orange County and the Inland Empire. I understand the importance of developing personal relationships, fast reliable service, and a devotion to solving my clients needs first and foremost. I consider honesty, integrity and reliability three of my strongest assets in work and my personal life. Timing will make or break all real estate deals and keeping things simple with a straight forward approach is a must. When making any real estate decisions in today's market, businesses need a broker with whom they have developed a trustworthy, competent relationship. I am looking to develop business with owners who share the same philosophies as I do. Call me today @ (714) 385-1801.
